### AMENDMENTS

#### In the Claims

19. (Amended) The method according to claim 14, 30, 31 or 32, wherein the microspheres of said first and second subpopulation each comprise a plurality of target analytes from a first and second target source, respectively.

New:

- 30. The method according to claim 14, wherein said target analytes comprise target sequences.

31. The method according to claim 30, wherein said target sequences comprise target nucleic acids.

32. The method according to claim 31, wherein said target nucleic acids comprise target genomic DNA.

33. The method according to claim 21 and 23, wherein said target sequences comprise target nucleic acids.

34. The method according to claim 33, wherein said target nucleic acids comprise target genomic DNA. - -.

### REMARKS

Prior to this amendment claims 14-29 were pending. Following this amendment claims 14-34 are pending. Claims 30-34 are new. Support for the claims is found p. 6, lines 28-31, and
